BRANCH.

To

Mahomed Ismail Sheriff, Esq., B.A.,
General Secretary to the Government
of Mysore, Bangalore.

Sir,

JUL 6 194[illegible]

Appointment of a scavenger to the Lower Tirupati, Mysore State Charities, - sanction sought for -

I have the honor to state that the Minister for Food and Civil Supplies has observed, in his tour notes, for the months of January and February 1945, that the drains and lavatories at Lower Tirupati, need more attention.

There are eight latrines behind the choultry, and the Municipal Scavenger comes only in the morning for the cleaning and that, as a large number of pilgrims are resorting to the choultry, it is necessary to have them cleaned and washed, at least, three or four times a day, as in the case of those of Hill Choultries. The question of converting them into flush-out latrines is under the consideration of the local Municipality at Tirupati.

Pending the construction of flush-out latrines, I request that sanction of Government may kindly be obtained for the appointment of scavenger on [illegible]5 p.m., temporarily, for a period of one year, the charge being met out of the Chattram Savings Fund.

A copy of the Peshkar's report dated 19-4-1945 is enclosed.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

(separately put up)

In para 19 of the Tour notes, Minister for F & C.S. has suggested that one or two flush latrines and a bathroom may be built adjoining the upstair Rooms.

2) Pending Construction of the flush out latrines, the proposal of the M.C to appoint a Scavenger on Rs. 5/- p.m for a period of one year temporarily may perhaps be sanctioned.

3) Submitted with a draft G.O for consideration.

4) Draft may be put up.

Ltr No R 260-11 dated 18/7/65

To The M/s the Comptroller

Sanctions the appointment of a

Scavenger on Rs 55/- p.m temporarily for a period

of one year.

Report No.T.52/44-45 dated 19-4-1945 submitted to the [illegible] ssioner in Mysore, by the Peshkar, Mysore State Charities, [illegible]

Notes of inspection of the Minister - Item No.27.

I beg to state that there was a question of converting the present latrines at Lower Tirupati Choultry into flush-out latrines by erecting a cement tank of the capacity of 1000 gallons and the question was pending as the drainage scheme in the town was in progress and the drain in front of the choultry was not completed.

The drain has been recently completed and the Municipal Commissioner has been addressed to give permission to install flush-out latrines and afford facilities for the disposal of sewage water.

On receipt of his reply, a further report will be submitted.

Further, when the new latrines were built behind the choultry 3 - 5 years back, no provision was made to engage a scavenger to keep them clean and tidy. The Municipal scavengers come only in the morning and remove only the waste matter. As a large number of pilgrims will be resorting to the choultry, it is necessary to get them cleared and washed at least twice a day as in the case of Hill choultries.

So orders may kindly be issued to engage a scavenger on Rs.5 p.m.
